

Voices for Strong Families Statement of Support

Colorado has a long tradition of commitment to equality, fairness, and protection for all families. However, in Colorado, thousands of committed gay, lesbian, bisexual, and transgender (LGBT) couples are doing the hard work of building strong families, yet they lack the basic legal protections that they need to take care of each other and their loved ones. All Coloradans deserve to be able to protect and be responsible for the people they love. Civil Unions provide committed couples with these critical protections.

To that end, we support Civil Unions that provide critical legal protections for LGBT couples and families.

Organization/Individual Name _____

Address _____

City/State/ZIP _____

Contact Name _____

Phone _____

FAX _____
